📅 Date of birth 08/23/1996
📱 +213 675 60 22 81

After graduating with a degree in Petroleum Geophysics, I decided to pursue my passion for programming. I enrolled in a coding bootcamp and learned full-stack web development. My favorite part of programming is the problem-solving aspect. I love the feeling of finally figuring out a solution to a problem. My core stack is React, Next.js, Node.js, and MongoDB. I am also familiar with TypeScript and Prisma. I am always looking to learn new technologies

WORK EXPERIENCE

Frontend Developer - Freelancer

From May 2024 to July 2024 **()**

Dzirium Remote

I worked as a Freelancer for Dzirium on Wadjed web app, ***wadjed.com*** is a food ordering app, my entire focus was on developing the app UI using tailwindCss and AlpineJs
